Improvements in Flying Machines.

Invariors are plenty who can make a machine that will rise and float in air, but the one improvement which none has succeeded in making is an apparatus that will guide the machine through the many treacherous currents of air. In this respect humanity is fortunate in having floatetter's succeeding treacherous enumeration as a safe guide by curing treacherous summers, which nots as a safe guide by curing treacherous summers, liver and blood diseases, giving a good appetite, a strong constitution still nerves like steed.

Sandwich Islands Language.

The natives of the Sandwich Islands call themselves "Kanakas," and the tongue they speak "Kanaka," not "Hawallan," as some suppose. The letters m and w are pronounced so nearly allke that natives spell or pronounce words containing these consonants indifferently at will. So "wahina" or "mahina" (soft I) signifies woman, and "kekamabina" means girl, literally "little woman." A "kekamahina" learns in time that "honikana" (accent on the "ho" syllable) means "come and kiss me" in the Kanaka tongue. These phrases are given to us by the children of the well-to-do American residents of Honolulu who have married native women and sent back their children to America for collegiate educational advantages they could not well obtain in the Hawaiian islands. The boys and girls are well grown and have superb figures, which are allowed to grow to full proportions without artificial restraint. They have abundant black hair and complexions only slightly darker than many of our native brunettes. Their teeth are rarely good .-Chicago Times-Herald.

MRS. PINKHAM'S ADVICE.

What Mrs. Nell Hurst has to Say About It.

DEAR MRS. PINEHAM:-When I wrote to you I had not been well for five years; had doctored all the time but got no better. I had womb trouble very bad. My wom lessed backward, causing piles. I s in such misery I could scarcely walk across the floor. Menstruction was irregular and too profuse, was also

troubled with leucorrhosa. I had given up all hopes of getting well; everybody thought I had consumption.

After taking five bottles of Lydia E. Pinkham's Vegetable Compound, I felt very much better

and was able to do nearly all my own work. I continued the use of your medicine, and feel that I owe my recovery to you, I cannot thank you enough for your advice and your wonderful medicine. Any one doubting my statement may write to me and I will gladly answer all inquiries .- Mrs. NELL HURST, Deepwater, Mo.

Letters like the foregoing, constantly being received, contribute not a little to the satisfaction felt by Mrs. Pinkham that her medicine and counsel are assisting women to bear their heavy burdens.

CERVERA OFF AT LAST.

Spanish Prisoners Leave For Santande-, Spaln, on the City of Rome.

A dispatch from Portsmouth, N. H., says: Most of the sailors and marines who survived the disaster which befell the warships of Admiral Pascual Cervera at Santiago July 3d were taken from Seavey's island Monday morning to the steamer City of Rome. By 9 o'clock all were embarked. Admiral Cervera, with his son Jose, made farewell visits to the officers of the navy yard previous to boarding the City of

On his way to the boat the admiral spoke enthusiastically to those who accompanied him of the treatment the Americans had accorded to the Spanish year, prisoners, to his staff and to himself. He detailed the many courtesies he had received at Portsmouth, Annapolis, Norfolk, New York and Washington. He said he would carry home with him many happy recollections of the kindness and generosity of those high in official circles as well as of citizens in every walk of life.

The city of Rome, with Admiral Cervera and staff and over 1,700 Spanish prisoners, sailed Monday afternoon for Santander, Spain. Of the number 1,668 men were from the prison at Seavey's island.

AGENT BARBEE VINDICATED.

Committee of Ministers Investigates Charges Against Methodist Book Man.

A Nashville dispatch says: Several days ago Dr. J. A. Orman, presiding elder of the Murfreesboro district of the Methodist Episcopal church, south, upon his own motion and by virtue of the authority vested in him by the church discipline, appointed a committee of ministers to investigate rumors that involved the moral character of Dr. J. D. Barbee, book agent of the publishing house of the Methodist Episcopal church, south. These rumors grew out of the Methodist publishing house claim matter.

The committee met at McKendree church, Nashville, and after a session lasting all day, gave out the following statement:

"The committee, after carefully and prayerfully examining all the testimony in the case, reports a trial before the Tennessee conference, soon to meet, unnecessary, thereby vindicating the good name of Dr. Barbee."

KILLED AT CROSSING.

Train Demolishes Buggy and Mangles Two Young Ladies.

A most distressing accident occurred shortly before 10 o'clock Sunday night on the Washington and Harrisburg branch of the Southern railway near Bowman's station, in Shenandoah county, Va., and as a result two young ladies of the neighborhood were killed and their escort, a young man, received perhaps fatal injuries.

The party had been attending church and were returning home in a buggy. While crossing the railroad tracks they were struck by the engine of a northbound freight and the two girls were instantly killed, their bodies being horribly mangled. The man was hurled a distance of twenty yards and sustained fearful injuries. The buggy was crushed like an eggshell, while the horse escaped without a scratch.

TO JOIN DEWEY'S SQUADRON.

1 lAt last Dr. Williams' Pink Pills for Pale People were brought to her notice, with indisputable evidence that they were help-ful in cases such as hers, and with renewed hope she tried the remedy. Last March she took the first box of the pills, which gave much relief. She was determined to cured, and kept on with the medicine, until now eight boxes have been consumed, and she feels like a new woman.

Mrs. Houseweart said: "I have taken only eight boxes, but I have been improving since I took the first dose. I do not believe I could have lived without the They certainly have done me more good than any physician or any medicine I have ever tried."

by local applications, as they cannot reach the diseased portion of the car. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored. Deafness is the result and unless the inflam-mation can be taken out and this tube restored to its normal condition, hearing will be de-stroyed forever.
